## FOREIGN NEWS

Only One Was Killed.

Shenandoah, Pa., Sept. 22.—It develops this morning that only one person, Mike Yuckavage, was killed outright in last evening's shooting here. Annie Rogers, the little girl who it was supposed, was shot to death, recovered consciousness some hours after the bullet struck her in the back of the neck and is today in a fair way of ultimately getting well.

Edward Clark, who was shot below the heart, has a chance for life. The bullet has been extracted and he is improving today. He had gone into the street to take his children out of the way and in this manner received a wound.

The collieries will resume work Monday provided a sufficient number of hands is obtained. It is believed that most of them will be able to work full handed.

HARRISBURG, (Pa.), September 21.—Three regiments of infantry, a battery and a troops of cavalry were ordered out at midnight by Governor Stone to assist Sheriff Toole in main'aining order in the Schuylkill region.

Remoy's Report Of Pei-Tung.

Washington, Sept. 22.—The Navy Department has received the following cablegram from Admiral Remoy:

"Taku, Sept. 21.—Secretary of Navy, Washington. Force of Russians, Germans and Austrians advanced on Pei-tung forts last night. Fire opened by Chinese and kept up all night at intervals. Forts evacuated at 9 this morning. Europeans hoisted their colors over forts at 11. Twenty-five Russians and Germans reported blown up by mine. Information from Commander Wise who followed troops into forts, only five Chinese killed.

Loss Of Life 12,000.

Galveston, Tex., Sept. 19.—Governor Sayers tonight gave out the following signed statement:

"The loss of life sustained by the storm in Galveston and elsewhere on the southern coast cannot be less than 12,000 lives, while the loss of property will probably aggregate \$20,000,000.

Massacres In Amoor.

LONDON, September 21.—"Authentic accounts have been received here," says the Moscow correspondent of the Standard, "of a horrible massacre at Blagovetichensk, which was undoubtedly carried out under direct orders from the Russian authorities, and which then let loose the tide of slaughter through Amoor.

"The entire Chinese population of 5000 was escorted out of town to a spot five miles up the Amoor and then, being led in batches of a few hundred to the river bank, was ordered to cross over to the Chinese side. No boats were provided, and the river is a mile wide. The Chinese were flung alive into the stream and were stabbed or shot at the least resistance while Russian volunteers, who lined the bank, clubbed or shot any who attempted to land. Not one escaped alive. The river bank for miles was strewn with corpses."

Germans Shoot Prisoners.

NEW YORK, September 21.—A cable to the Journal from Chefoo, dated September 20th (via Shanghai, September 21st), says: The battle of Fianghsiang, on September 14th, was marked by the startling way the German soldiers carried out the Emperor's order to exact "exemplary punishment and vengeance." During the fight they had taken 150 prisoners, who, after the battle, were stood up in a row and shot.

LONDON, Sept. 22.—A M. L.—The manner of Earl Li's reception seems to confirm the suspicions in Shanghai regarding his close relations with Russia. About 4000 Russian troops and all the principal Russian officers met him at Chung Liang Chen, half way to Tientsin. A long conference was held, at which a representative of no other power was present. This remarkable friendship exists at a time when two continents are ringing with the story of massacres by the Russians in Amoor.

Li Hung Chang, according to Shanghai dispatches, assumed the seals of the viceroyalty of Chi-li yesterday. His officers are busy raising 8000 foreign drilled men and well-armed men who are now encamped at a point near and will soon move to Tientsin.
